

ALL IN READINESS FOR
BIG POULTRY EXHIBIT
Largest Show Ever Held in
South Bend Will Open
Tuesday.

All arrangements are completed for the opening of the annual exhibit of the South Bend Poultry and Pet Stock association which will start Tuesday morning and continue throughout the remainder of the week. The present show is by far the largest in the number of entries in the history of the association and it is expected that the attendance will also set the high mark. More than 1,000 chickens, dogs and other pet animals will be on display at the exhibit and will compete for 125 loving cups in addition to ribbons, and cash and merchandise prizes. The many prizes which were offered this year has brought a large number of entries according to officials of the association.

George H. Northup of New York state and H. J. Tyrrell of Bourbon, Ind., will be the judges of the poultry exhibits. They will start their work shortly after the show opens. The committee in charge of the exhibit believes that they have secured the best location possible for the event this year as the Livingston building, in the 300 block on S. Michigan street, is well lighted from three sides and of comfortable size.

School children under 13 years of age will be admitted to the show without charge when accompanied by mother or father. This announcement will be made in the schools throughout the city. Considerable interest is being taken in the show by the schools.

All birds entered in the show must be at the exhibit room before 9 o'clock Tuesday morning. Arrangements have been made for the receiving of the exhibits all day Monday. There are many cat and dog entries and these divisions of the show are expected to prove two of the most interesting features.

MEN AND THE CHURCH
TODAY HIS SUBJECT

Dr. James L. Gardner Will Treat Matter in Series of Sermons.

"Men and the Church of Today" has been chosen as the general subject of a series of sermons to be delivered by Dr. James L. Gardner, pastor of the St. Paul's M. E. church, for the next five Sunday evenings. The subjects of the sermons are as follows: "Are the Churches of Today Vitality Interested in Men?" Sunday evening, Jan. 24; "Why Do Not Men Attend Our Churches?" Jan. 31; "Are the Men Outside the Church Opposed to the Teachings of Christ?" Feb. 7; "Should the Churches Provide a Substitute for the Saloon?" Feb. 14; "How May the Churches of Today Be More Successful in Reaching Men?" Feb. 28.

Dr. Gardner has sent out a large number of letters to the brotherhood of the church and other men of the neighborhood asking answers to the topics of the sermons. The answers will be compared and discussed. The object is to find a more successful way of making the church a drawing card for the man.

Archie King Is Under Arrest But Joseph Smith Manages to Escape.

A posse of detectives headed by Special Officer Shannon of the New York Central lines chased Archie R. King, 312 Fremont av., and Joseph Smith, implicated in the recent murder of Emmanuel E. Fink, druggist, seven miles Friday afternoon when the two were alleged to have been caught by detectives in the act of robbing several cars in the New York Central yards.

Investigation after the arrest of King seven miles from the scene of the crime showed that he and Smith had prepared an empty house as headquarters for hundreds of dollars worth of stolen goods, which included tools, dress goods and miscellaneous articles, all of which are said to have been taken from cars in the railroad yards in the past few months. King was captured but Smith escaped by leaping aboard a moving interurban car bound for Michigan City.

King took refuge under an old chicken barn. Part of the journey was made on a freight train. He was dragged from his refuge under the shed and taken to the police station. The posse was made up of Shannon, Sergt. Barnhart and Detectives Wolters, Delinski, Czenkusch. Some of the stolen goods were said by Shannon to have been found in King's house.

FEW LEGISLATORS ARE
LEFT AT INDIANAPOLIS

This Week Promises to Be Busy One as Two Hearings Are Scheduled.

INDIANAPOLIS, Ind., Jan. 16.—Very few legislators remained in Indianapolis today. The state house corridors and the downtown hotel lobbies were comparatively deserted, and no discussions on proposed laws or politics could be heard.

One reason for the general exodus from the city was that yesterday was the first legislative pay day. All the members of both houses received their salaries as legislators and their expenses for coming to Indianapolis, 20 cents a mile for the distance they must travel to and from the capital.

Next week promises to be a strenuous one for the legislators. Two public hearings have been arranged by house committees for Tuesday and Wednesday.

The representatives will hear public arguments for and against the abolishment of the state board of accounts on Tuesday. The other public hearing set for Wednesday afternoon is on the Deck bill, giving individuals the right to bring action for damages against the state and against cities for the pollution of streams.

Discolored or Spotty Skin Easily Peeled Off

The discoloring or mottling to which many skins are subject at this season, may readily be gotten rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the discolored skin. Get an ounce of the wax at any druggist's. There's no more effective way of banishing chaps, blotches, pimples, freckles or other untoward defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.

Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered safflower, 1 oz., dissolved in 1/2 pint witch hazel. Bathing the face in this produces a truly marvelous transformation.
